

USE OF “COOKIES”

Like many other websites, the ORPC website uses cookies. Cookies are small data files placed on your device when you browse online. They are standard across most websites and do not affect your device. Cookies help make websites work more efficiently and provide information to the owners of the site.

Why do we use cookies?

Cookies enable us to monitor the number of people visiting our site. We do not use cookies to collect or record information about users’ names, addresses or contact details. We may collect and store general information such as:

- Your Internet domain
- Your IP address
- Type of browser and operating system you used to access our site
- Date and time that you accessed our site
- Pages you visited and documents downloaded
- Number of bytes transmitted and received for each request

We use any information that we collect for statistical and administrative purposes only.

We examine this information to determine the traffic through the server, and to specific pages or applications, and in order to deliver better services.

We may update our Cookie Policy from time to time to reflect any changes in technology or legislation which may affect the way in which cookies are used by us and how you as a user, can manage them.

It is possible to switch off cookies by setting your browser preferences. Turning cookies off may result in a loss of functionality when using our website.

Links to Other Websites

Our website may contain links to other websites run by other organizations. This privacy notice applies only to our website, so we encourage you to read the privacy statements on the other websites you visit. We cannot be responsible for the privacy policies and practices of other sites even if you access those using links from our website.

In addition, if you linked to our website from a third-party site, we cannot be responsible for the privacy policies and practices of the owners and operators of that third-party site and recommend that you check the policy of that third-party site.
